Subject: Large Mine Transfer, Bonneville Quarries, Dove Creek Quarry,  
M0030016, Task ID# 173 and 898, Box Elder County, Utah

Dear Mr. Cates:

On July 1, 2005 the Division received a transfer of Large Mining Operations (LMO) from Bonneville Quarries to Dove Creek Quarries. To date, the Division has not received the signed, notarized, new reclamation contract or the surety amount. To complete the transfer, the following is required:

- A reclamation surety in the amount of \$65,000.00. Acceptable forms of financial guarantees are: cash, certificates of deposit, letter of credit, corporate surety bond;
- An original, complete, signed and notarized large mine reclamation contract;

Since the required action has not been completed the Division will close-out the requested transfer. Another application for transfer maybe made when the above items are ready to submit.

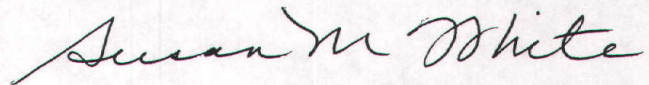

On January 9, 2006 an amendment to the mine plan was received from Dove Creek Quarries to expand on deeded property. The Division was holding this amendment until the proposed transfer was received. Since the transfer has not been completed this amendment will now be close as not approved.
